

# Pa's Chili

---

## **From Pa**

*I like to use V8 juice because it adds some unique flavors. They may use tomato juice if they want.*

## **INGREDIENTS**

1 pound ground beef  
2 medium to large onions chopped  
2 cans diced tomatoes  
12 to 16 ounces V-8 juice  
2 cans red beans  
1 cup sliced carrots  
Chili powder to taste(I start with 1 Tbsp)  
1 Can whole kernel corn

## **DIRECTIONS**

In a large pot, sauté onions until clear. Add ground beef and brown. Add remaining ingredients except the corn. Add chili powder to taste. Simmer until carrots are cooked. Add the corn near the end of cooking.

## **RECIPE NOTES**

All cans are "small" cans (15-16 oz.)
